A Texas coal power plant was recently awarded a USDA contract to convert into a solar and battery storage facility.

The \$1.4 billion in projects cancelled in May were expected to create at least 1,000 new jobs. Another 600 workers were laid off across five closures announced last month.

Natron Energy said on Thursday it planned to invest \$1.4 billion in a sodium-ion battery manufacturing plant in North Carolina, potentially raising the company's production ...
