What is a portable solar battery charger?

Whether you're backpacking in the Himalayas or working in your backyard, a portable solar battery charger offers a vast supply of power that you can easily fold up and carry with you.

Should I buy a portable solar battery charger?

(This may involve long-term testing to evaluate whether our picks hold up with long-term use.) A portable solar battery charger is a great option if you're taking an extended camping trip or traveling somewhere with an unreliable power grid, as it'll allow you to charge a phone the size of an iPhone 15 using just a few hours of midday sun.

What is the best portable solar charger?

The Allpowers SP012 Solar Panel 100W is the best portable solar charger for anyone who needs to keep their gadgets charged and stay connected during a power outage or off-grid adventure.

What is a kickass 12V battery box?

Our KickAss 12V battery boxes are heavy duty battery solutions that can still be mounted securely into your car, caravan, or trailer. You can simply remove your battery box from your vehicle if you don't need it taking up space, or if you want it to reach other appliances at your campsite.
