Alfen's mobile energy storage products are sustainably produced, fully recyclable, and ensure zero emissions on-site. Mobile energy storage ...

The 200kVA/300kWh energy container is an autonomous energy supply solution, functioning as a voltage generator for a limited time. The container can be combined with a ...

The 200kVA/300kWh energy container is an autonomous energy supply solution, functioning as a voltage generator for a limited time. The container can be combined with a photovoltaic ...

High Efficiency: Modern 200kW battery systems offer high round-trip efficiencies, ensuring minimal energy loss during storage and retrieval. Scalability: Easily scalable to meet growing ...

Alfen's mobile energy storage products are sustainably produced, fully recyclable, and ensure zero emissions on-site. Mobile energy storage provides a reliable power solution that is easy ...

Constructed within robust shipping container enclosures, our energy storage systems are designed to withstand the elements. Protected from harsh weather conditions, our units are ...

With 200 kWh or 400 kWh capacities, it features a 180 kW or 2 x 90 kW charger and multiple three-phase sockets. Boasting 95% ...

With 200 kWh or 400 kWh capacities, it features a 180 kW or 2 x 90 kW charger and multiple three-phase sockets. Boasting 95% efficiency and a noise level of 67 dB, its ...
