MPS offers market-leading, high power density, 48V power modules that meet the ever-increasing power and current demands for high-performance computing and data center applications.

The Vicor 48V power module ecosystem Solutions for the entire power delivery network to help: Reduce the size and weight of power systems Enable the efficiency gains of a 48V bus ...

Mouser offers inventory, pricing, & datasheets for 48 VDC AC-DC Power Modules Power Supplies.

The Scout is a compact, high power density 12 volt rack mount DC power system that brings telecom power technology to 12 volt base station radio applications to power transmitters and ...

48 volt power supplies with a chassis for your industrial and medical applications. Our extensive in-stock selection is from the industry's leading power supply manufacturers.

The Scout is a compact, high power density 12 volt rack mount DC power system that brings telecom power technology to 12 volt base station radio ...

The Soetek Switch Mode Power Supply is a highly integrated outdoor 5G micro base station power supply system, it combines AC input power ...

48 Volt DC power supplies from leading power supply manufacturers. Hundreds of different 48 Volt models to choose from. Shop for a 48Vdc power supply on-line or call us for expert ...

Find high-quality rectifier for base station, essential for telecom infrastructure. Original equipment and reliable power solutions for BTS. Shop now!
