We specialize in custom lithium-ion designs and offer assemblies in all other chemistries. Aerospace & Defense batteries and battery packs are used for a variety of critical military ...

Next-generation battery management systems maintain optimal operating conditions with 45% less energy consumption, extending battery lifespan to 20+ years. Standardized plug-and-play ...

This all-in-one containerized system combines an LFP (LiFePO₄) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, and an intelligent Battery Management ...

This all-in-one containerized system combines an LFP (LiFePO₄) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, ...

This guide provides step-by-step instructions on how to install your R-BOX-OC outdoor solar battery cabinet, including site selection, assembly, wiring, and system testing. [pdf]

Li Cuiping et al. used a battery energy storage system to assist in the frequency modulation of thermal power units, significantly improving the frequency modulation effect, smoothing the ...

We specialize in custom lithium-ion designs and offer assemblies in all other chemistries. Aerospace & Defense batteries and ...

We can offer expert technical advice, design and produce high-safety, high-performan lithium battery packs to meet your devices voltage, current, and capacity requirements.

Our multi-protocol BMS provides 3-stage protection (voltage, temperature, current) and allows for real-time
