The 600MW Monsoon Wind Power Project is a landmark initiative, featuring a 500kV transmission line that links Laos to Vietnam. It is slated for completion by 2025.

The project forms a key part of the Northern Laos Interconnected Clean Energy Base, which spans Oudomxay, Luang Namtha, and Phongsaly provinces. The initiative aims ...

The new Regional Electricity Access and Battery-Energy Storage Technologies (BEST) Project -approved by the World Bank Group today for a total amount of \$465 million-- will increase ...

The initial phase of the project has a capacity of 50.1 MW, along with a 10 MWh energy storage system. Once completed, it is projected to produce nearly 100 million kilowatt ...

On March 20th, CGN Energy Technology and the Laotian government officially signed a 556MW wind power project development ...

Laos signs a landmark \$1.45 billion clean energy deal with China to build major wind and solar farms and export power to Singapore. Discover the project's impact.

CGN has launched the construction of Laos' first large-scale solar photovoltaic (PV) project. The project, part of the Northern Laos Interconnected Clean Energy Base, aims ...
