---

In the first half of 2023, photovoltaic installations accounted for 93% of all new renewable energy capacity in the Czech Republic. Most of these were small-scale systems on ...

The use of solar panel systems in the Czech Republic is growing as more homeowners look for ways to reduce energy costs and rely less on traditional power sources. These systems ...

According to data from the Energy Regulatory Office, the installed capacity of solar sources in the Czech Republic still lags behind coal and nuclear power plants. The ...

CEZ plans to install hundreds of thousands of solar panels across a 130-hectare area once used for coal storage, a project expected to generate enough renewable energy to ...

Czechia added at least 967 MW of solar in 2024, according to data from Sol&#225;rn&#237; Asociace. The result builds on the 484 MW that were ...

The Czech Republic installed 967 MW of solar energy in 2024, powered by residential, commercial and industrial (C& I) projects, which accounted for 930 MW of the total, ...

Czechia added at least 967 MW of solar in 2024, according to data from Sol&#225;rn&#237; Asociace. The result builds on the 484 MW that were installed in Czechia during the first six ...

Czechia deployed 484 MW of new solar in the first half of the year, according to data obtained by Sol&#225;rn&#237; Asociace. The installed capacity of 484 MW in the first half of 2024 is ...

The Czech Republic had almost two gigawatts (GW) of photovoltaic capacity at the end of 2010, but installed less than 10 megawatts (MW) in 2011 due to the feed-in tariff being reduced by ...

Czechia installed 357 MW of solar power during the first half of 2025, according to the Czech solar association Sol&#225;n&#237; Asociace. This includes 200 MW in the commercial and ...

In the first half of the year, 25 power plants with capacities exceeding 1 MW solar system each began supplying electricity to ...

In the first half of the year, 25 power plants with capacities exceeding 1 MW solar system each began supplying electricity to Czechia's grid, including multiple ground-mount ...
