---

Kromatix's major innovation is its unique colored glass processing for photovoltaic (PV) panels. Unlike traditional coloring ...

Customized glass-glass solar glass systems -- solar panels with solar cells arranged between two glass lites -- offer plenty of options for design and construction. Vitro Architectural Glass ...

With customized color options, the Colored Series can be used to create striking architectural designs while reducing energy consumption and carbon emissions. Inherent advantages of ...

Thanks to the ColorQuant technology from Ceramic Colors Wolbring, coloured solar modules can now be produced for facades that ...

Thanks to the ColorQuant technology from Ceramic Colors Wolbring, coloured solar modules can now be produced for facades that offer a high degree of design freedom ...

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not ...

We manufacture extensive variety of custom BIPV solar panels in size, shape, color, transparency and efficiency. All our PV products can be produced with full or cut solar cells as per demand.

Swiss retailer Lehner Versand generates 24.5% of its building energy needs thanks to a renovation project that added 109 kW capacity of solar PV to its facade. The PV ...

We manufacture extensive variety of custom BIPV solar panels in size, shape, color, transparency and efficiency. All our PV products can be ...

Pilkington Sunplus(TM) BIPV provides renewable power generating architectural glass solutions for building facades, windows, roof glazing, etc. with a high degree of transparency or full ...

These are just a few examples of how we can customize the photovoltaic glass to suit any project. If you're looking for a specific color or would like to receive samples, feel free to contact us for ...

Colored glaze integrates photovoltaic power generation technology and architectural glass production technology. It is a new type of energy-saving power generation building material for ...
