How do I Choose an inverter for my home?

"That's actually a big problem for lots of people." Choosing an inverter for your home can be tricky. In most cases, an installer will handle this for you. Along with selecting a reputable installer, there are a few other things to look for when choosing an inverter. If you want to go solar, you need a good inverter.

Which hybrid inverter is best for your home?

Hybrid inverters like Fronius GEN24, Growatt MIN, and OutBack SkyBox future-proof your home for battery storage or off-grid setups. Choose based on roof type, shading, future storage plans, and budget.

What is a hybrid inverter?

Hybrid inverters combine the functionality of grid-tied and off-grid systems, offering flexibility and efficiency. These inverters allow homeowners to maximize self-consumption, store excess energy, and remain connected to the grid for backup power.

What are the best residential microinverters?

There aren't as many microinverters to choose from in comparison to string inverters. But Enphase's IQ8 Series are the best residential microinverters we found. Each one is fairly efficient and comes with a 25-year warranty. Enphase falls short in the customer support and sizing categories. Pricing is similar to other microinverters we've seen.
