What is a LiFePO4 power station?

A LiFePO4 power station is a type of portable power station that uses lithium iron phosphate (LiFePO4) batteries. These power stations are ideal for certain environments, particularly hot areas, due to their stable chemistry. The most popular brand using LiFePO4 batteries is Bluetti.

Why are LiFePO4 power stations ideal for hot areas?

The stable chemistry of LiFePO4 power stations makes them ideal for certain environments - hot areas in particular - where it would be unwise to use a Li-ion power station.

Which power station brands use LiFePO4 batteries?

The most popular power station brand that uses LiFePO4 batteries is Bluetti.
