How do I order a solar inverter?

You can choose Paypal, credit card, Klarna, Fintecture or bank transfer. Once your order has been validated, our logistics team will prepare your order. Upon shipment, you will receive a tracking number for your solar inverters. Please check your solar inverter on receipt to ensure the quality of our service. Start installing your solar inverter.

How to buy a solar inverter without breaking the bank?

If you want to buy it without breaking the bank, take advantage of the best prices, guarantees and delivery flexibility offered by the number 1 in the sale of photovoltaic products. These photovoltaic inverters transform the direct current of your solar panels into alternating current.

What type of inverter do solar panels use?

On-grid inverter: Most small-scale solar panel installation systems use an on-grid inverter, also known as a 'centralised' inverter. These solutions are the most commonly installed inverters. The DC (direct current) electricity generated by the solar panels is plugged into this inverter.

Do you need a photovoltaic inverter for solar panels?

As you know, the solar panel is an essential piece of equipment for supplying your home with green energy. But you should also think about photovoltaic inverters, which play an essential role in domestic solar installations. This device transforms the direct current produced by solar panels into alternating current.

We are a Solar Inverter supplier in Slovenia, providing a variety of Solar Inverters. If you are interested in the wholesale price of Solar Inverters in Slovenia, please contact us.

Solar inverters for your solar system: hybrid, micro inverters, 1- and 3-phase inverters, buy cheaply in the online shop, compare prices online.

Before buying solar inverters and supplying them in your local area, you need to be aware of all the functionalities of solar inverters, and the different types of inverters available. Thereafter, ...
