How do you mount a base station?

You can also use tripods, light stands, or cargo poles when mounting the base stations, or even place it on stable book cases. Just avoid using unstable mounting solutions or surfaces that are prone to vibration. Adjust the base stations so that the front panels are facing toward the center of the play area.

How long does a base station battery last?

When a sensor on your system is triggered, it sends a signal to the Base Station, which sounds the loud, 100 dB siren and notifies you immediately. If the Base Station is unplugged or the power goes out, the backup battery keeps you covered for up to 24 hours.

What is a base station (Gen 3)?

Base Station (Gen 3) Overview and Installation Guide | SimpliSafe Support Home The Base Station is the brains of your system. It sends alarm signals to the monitoring center* with built-in cellular and Wi-Fi connections, a battery backup that lasts up to 24 hours, and a 100 dB siren.

What happens if the base station is unplugged?

If the Base Station is unplugged or the power goes out, the backup battery keeps you covered for up to 24 hours. With a monitoring plan, the Base Station will alert the SimpliSafe® monitoring center who will request emergency dispatch if there's trouble.
