Are Huawei & Sungrow leading the global inverter market?

" Huawei and Sungrow ranked first and second in the rankings for the 10th consecutive year, combining for 55% of the global inverter market." Total global inverter shipments reached 589 GW (AC) in 2024, up 10% from 2023.

Why is Huawei the world's #1 solar inverter manufacturer?

Market Leadership with Proven Technology: Huawei maintains its position as the world's #1 solar inverter manufacturer for six consecutive years, commanding 29% of the global market through superior AI-powered optimization, 99% peak efficiency, and extensive R&D investment representing 54.1% of their workforce.

How much does a Huawei inverter cost?

Comprehensive Value Proposition: With residential models starting at EUR785 and offering 10-year warranties, competitive pricing per kW, and advanced monitoring through the free FusionSolar platform, Huawei inverters deliver exceptional ROI with payback periods of 5-8 years in most markets.

Does Huawei offer a warranty on inverters?

Huawei provides a standard 10-year product warranty on all inverters, with warranty response times of less than 3 working days. The warranty covers defects in materials and workmanship, with free replacement of defective units. Extended warranty options up to 20 years are available in some markets.
