Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

What is a LiPo battery?

LiPo batteries allow for greater flexibility and ensure the perfect fit for vehicles, machinery, and other various devices with unusual dimensions and weight requirements. Our bespoke battery packs are designed to meet specific requirements, offering tailored batteries and power solutions for various applications.

Why is energy storage important in Italy?

As electricity prices continue to rise and Italy accelerates its shift toward renewable energy, reliable and efficient energy storage has become essential for both homeowners and businesses.

Why should you choose CMB for a custom lithium-ion battery pack?

Whether for small or large orders, we offer competitive pricing and on-time delivery. As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging.

Contact us today to get a free, no-obligation quote for your custom battery pack project. Our experts will work with you to develop a tailored solution that fits your budget and technical ...

In Teverola (CE), the first plant in Italy and Southern Europe for the production of lithium battery cells, modules, and packs was launched in 2021. The plant has an initial installed capacity of ...

GSL Energy offers customized lithium battery storage solutions designed specifically for the Italian market--helping you store solar power, reduce grid reliance, and achieve greater energy ...
