Spain has launched an ambitious EUR700 million (around \$796 million) program to increase its energy storage capacity. This plan will add 2.5 to 3.5 gigawatts (GW) of storage. It ...

In Madrid, Spain, independent power producer Matrix Renewables (invested by the TPG Rise Fund) has submitted environmental impact assessment and administrative ...

• Objective: Orchestrating diverse storage technologies for effective grid service provision. • Overall target: Enabling long-duration discharges using the integrated storage solution. • ...

With Spain aiming for 22.5GW of energy storage by 2030 [8], Madrid sits at the heart of this transformation. Let's unpack what's driving this revolution and why your business ...

The Solarplaza Summit Energy Storage Spain, hosted in Madrid on the 24th of October 2024, will represent a prime opportunity to lead in the energy storage space, driven by ...

With Intersolar Europe 2025 as a platform to highlight its evolution, Risen Energy emerges as a strategic partner in the global energy transition, combining cutting-edge storage solutions, ...

The scheme aims to deploy between 2.5 and 3.5 gigawatts (GW) of new storage capacity, enhancing the flexibility and resilience of the national power system while enabling ...

It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and thermal energy storage. The program supports hybrid projects, ...

The European Commission has approved a EUR699 million (US\$760 million) state aid scheme in Spain to support the deployment of up to 3.5GW of energy storage.

Innovative approaches such as gravitational energy storage, heat storage, and liquid air storage are gaining traction as viable complements to lithium-ion batteries.

With Intersolar Europe 2025 as a platform to highlight its evolution, Risen Energy emerges as a strategic partner in the global energy transition, ...

Spain has launched an ambitious EUR700 million (around \$796 million) program to increase its energy storage capacity. This plan will ...
