Renewable energy developer Qair has secured financing from SBM Bank (Mauritius) Ltd for its Stor"Sun I and II hybrid solar-plus-storage projects. These two projects ...

Qair announces the closing of a new loan to support the implementation of a hybrid solar and battery storage project in Mauritius.

France-based independent power producer (IPP) Qair Energy will deploy 60MWac of solar-plus-storage projects on the island nation of Mauritius after it won a state tender.

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid ...

The project is scheduled for completion by the end of 2024 and represents a critical step in Mauritius's ambitious plan to source 60% of its energy from renewables by 2030.

The winning energy storage system has various functions such as frequency regulation and voltage regulation, which can achieve millisecond level response and help ...

If you are seeking a reliable residential or commercial energy storage system in Mauritius or other African countries, please contact GSL ENERGY. We will provide you with ...

Under this contract, Huawei will deliver a comprehensive smart photovoltaic (PV) and energy storage system (ESS) solution, featuring a total capacity of 100MW and 290MWh ...

Under this contract, Huawei will deliver a comprehensive smart photovoltaic (PV) and energy storage system (ESS) solution, featuring a total capacity of 100MW and 290MWh of energy ...

Under this contract, Huawei will deliver a comprehensive smart photovoltaic (PV) and energy storage system (ESS) solution, ...

French renewable energy producer, Qair, has signed four PPAs with the Central Electricity Board (CEB) of Mauritius for the development of solar PV energy facilities and battery storage ...
