-----

These projects are to be located in the provinces of Nampula, Zambezia, Sofala, and Gaza. The tender process includes an international ...

Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially underway. The plant supplies clean energy to ...

Construction has begun on the 19MWp/15MWac Cuamba solar PV plant with 2MW/7MWh battery storage in Mozambique, project sponsors United Kingdom-based Globeleq, private equity firm ...

Discover how Mozambique's new solar and battery storage tender is transforming its energy sector. Learn about the GET FiT ...

The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a new tender for decentralized ...

These projects are to be located in the provinces of Nampula, Zambezia, Sofala, and Gaza. The tender process includes an international competitive bidding procedure with a prequalification ...

The Ministry of Mineral Resources and Energy of Mozambique, funded by the German Government through KfW, has announced a tender for solar photovoltaic and battery ...

Mozambique's Energy Regulatory Authority (ARENE) has launched a tender for the development of hybrid minigrids that integrate solar power and battery energy storage ...

This initiative aims to support decentralized utility solar photovoltaic (PV) and battery energy storage system

(BESS) projects, to ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Five companies have been pre-qualified for the final phase of the public tender for the development of decentralized solar photovoltaic projects ...

Five companies have been pre-qualified for the final phase of the public tender for the development of decentralized solar photovoltaic projects with battery storage in Mozambique.
