Why is Delhi implementing a strategic roadmap for rooftop solar projects?

Delhi Rooftop Solar Expansion: The Delhi government is implementing a strategic roadmap to boost rooftop solar projects, enhance power infrastructure, and ensure sustainable electricity supply amid rising demand, as outlined in a recent review meeting led by Chief Minister Rekha Gupta.

What is Delhi solar energy policy 2023?

The Delhi Solar Energy Policy 2023 (hereafter, 'the policy') was notified in March 2024 with the goal of increasing installed rooftop solar capacity to 750 MW within the state and accessing utility-scale solar capacity of 3,750 MW from outside the state.

What is the capital subsidy for solar projects in Delhi?

State Capital Subsidy: Under the new Delhi Solar Policy, the Capital subsidy for all Solar projects for residential customers shall be given at the rate of Rs. 2,000/- per KW upto a maximum of Rs. 10,000/- per consumer. The subsidy will be passed through their first electricity bill post-commissioning of the RTS system.

Does Delhi have a solar policy?

Delhi launched its solar policy in 2016, and in 2023, introduced an updated solar roadmap with the goal of achieving 6,000 MW of installed capacity by 2025. Households can claim up to INR 1.08 lakh in total subsidies, while commercial and industrial users benefit from up to INR 1/kWh in GBIs and 50% savings on power bills.

Get key updates on Delhi Solar Policy 2025 -- targets, residential & commercial solar incentives, net-metering & more with expert support.

The Delhi Solar Energy Policy 2023 (hereafter, "the policy") was notified in March 2024 with the goal of increasing installed rooftop solar capacity to ...

Get key updates on Delhi Solar Policy 2025 -- targets, residential & commercial solar incentives, net-metering & more with ...

Transportable via standard shipping container, the system achieves full operational capability within 4-6 hours of arrival. Providing 24/7 clean energy with scalable solar capacity of 30 ...

10 MW energy storage system at Tata Power Delhi Distribution's Rohini Substation to provide better peak load management, ...

Compared to existing energy storage systems, typically offering around 6.25MWh of capacity, this new 10MWh container stands out due to its superior integration, enhanced AC ...

Containerized from STEAG Energy Solar PV Solutions Services India ressing fast enough to reach its univer-sal electricity access goal by 2030. A substantial acceleration of efforts and ...

The Delhi Solar Energy Policy 2023 (hereafter, "the policy") was notified in March 2024 with the goal of increasing installed rooftop solar capacity to 750 MW within the state and accessing ...

An inauguration event was held for the 10MW / 10MWh system today, 13 February, at the site in Rohini, Delhi. It is located at a ...

An inauguration event was held for the 10MW / 10MWh system today, 13 February, at the site in Rohini, Delhi. It is located at a substation owned by Tata Power Distribution, the ...

Delhi Rooftop Solar Expansion: The Delhi government is implementing a strategic roadmap to boost rooftop solar projects, enhance power infrastructure, and ensure sustainable ...

Compared to existing energy storage systems, typically offering around 6.25MWh of capacity, this new 10MWh container stands ...
