photovoltaic cells. This design is generally lighter, making it easier ...

Solar panel costs range from \$16,600 to \$20,500 for the average 6.5 kW system, but prices can vary from as little as \$7,700 for smaller solar systems to upward of \$34,700 for larger systems.

Single glass panels are the clear winner here, costing 5-15% less than their double-glazed counterparts. But remember, the initial cost isn't the whole story.
