At the beginning of 2025, CNTSUN has successfully secured the 50MW solar project in Sierra Leone, marking another significant breakthrough in the international photovoltaic market.

Release, majority owned by Scatec ASA, has signed new lease agreements totaling 64 MW of solar power and 10 MWh of battery storage in Liberia and Sierra Leone.

In Liberia, Release will deploy a 24-MW solar plant, backed by a 10-MWh battery energy storage system (BESS), in Duazon, near Monrovia. The project will be delivered under ...

The ETGGP aims to achieve universal energy access in Sierra Leone by 2040, powered by clean energy sources, requiring an estimated 132 MW in mini-grids and a total investment of USD ...

Enter the Sierra Leone energy storage project - not just another infrastructure initiative, but a game-changer in Africa's energy landscape. As of 2025, this \$120 million ...

DFC approved a new loan of up to \$292 million to the Freetown-based Western Area Power Generation Project to help develop and upgrade the power plant's infrastructure, ...

The statement said the project will encompass the development of 200 megawatts (MW) of renewable energy generation by expanding hydroelectric dam capacity and installing ...

Wenergy has successfully shipped its Stars Series industrial liquid-cooled energy storage systems (ESS) to Sierra Leone, marking another milestone in the company's expansion into Africa's ...

Freetown, Sierra Leone | 10 April 2025: The Republic of Sierra Leone today announced the signing of a

Sierra Leone New Energy Storage Construction Project
