-----

If you invest in renewable energy for your home such as solar, wind, geothermal, fuel cells or battery storage technology, you may qualify for an annual residential clean energy tax credit.

There are two main types of solar energy technologies--photovoltaics (PV) and concentrating solar-thermal power (CSP). On this page you'll find resources to learn what ...

Solar power, also known as solar electricity, is the conversion of energy from sunlight into electricity, either directly using photovoltaics (PV) or indirectly using concentrated solar power.

Uses local climate data, your roof measurements, current local electric rates and current solar system cost to generate an accurate solar cost and savings estimate, customized for your home.

Tesla solar makes it easy to produce clean, renewable energy for your home and to take control of your energy use. Learn more about solar.

Solar-powered lights are an easy and energy-efficient way to light up your home's outdoor spaces.

Solar power can be an attractive prospect for homeowners and shoppers. Home solar technology offers electricity bill savings, more energy independence, and resilience in the ...

Solar energy is radiation from the Sun that is capable of producing heat, causing chemical reactions, or generating electricity. The total amount of solar energy incident on ...

AmeriTop Solar Lights Outdoor, 2 Pack LED High Brightness Cordless Solar Motion Sensor Lights; 3 Adjustable Heads, 270°; Wide Angle Illumination, IP65 Waterproof, Security LED Wall ...

Residential-grade solar lights typically exhibit lower wattages, commonly ranging from 10 to 50 watts, whereas commercial-grade solar solutions can achieve wattages of 200 ...

Learn how wattage and lumens impact solar lighting efficiency and discover how to select the best solution for your municipality or commercial property.

NREL's PVWatts Calculator Estimates the energy production of grid-connected photovoltaic (PV) energy systems throughout the world. It allows homeowners, small building owners, ...
