Sri Lanka's tender proves batteries have moved from "nice-to-have" to core infrastructure. Whether it's BYD or ABB winning contracts, one thing's clear: solar without ...

SgurrEnergy has secured the contract to develop Sri Lanka's first 100 MW solar photovoltaic project with a 12 MWh battery energy storage system (BESS). It will be ...

The project blueprint covers every critical aspect of large-scale solar deployment, including PV optimisation, hydrology studies, procurement support, and engineering services.

Standard Container Solutions Our standardized container products are engineered for ...

The overall project aims to enhance the reliability and optimise the existing fault clearance system of transmission and distribution (T& D) networks of Sri Lanka's two grid ...

CEYLON ELECTRICITY BOARD has floated a tender for Procurement of Grid-Scale Battery Energy Storage System (BESS) of 100MW/100MWh at Kolonnawa Grid Substation on ...

The project blueprint covers every critical aspect of large-scale solar deployment, including PV optimisation, hydrology studies, ...

The overall project aims to enhance the reliability and optimise the existing fault clearance system of transmission and ...
