Solar with battery storage presents a timely and strategic upgrade for Nepal's renewable energy sector.

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...

With costs declining, technology improving, and energy demands rising, this is the ideal moment for Nepal to embrace solar with battery systems. Doing so will strengthen the ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to ...

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial ...

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system ...

Grid instability in Nepal threatens factory operations. Discover how captive solar power and battery storage can ensure uninterrupted production and protect your investment.

Storage solar container battery factory in Nepal
