Product Details of UPC1550 Ultra Pulse Capacitor Cylindrical Battery Capacitor Hermetically Sealed Type
Ultra Pulse Capacitors UPC1550 Capacitance at 3.67V 560As Hermetically Sealed ...

UP1550 Ultra Pluse Capacitor The UPC is parallel connected with a battery or several batteries to eliminate
voltage delay and to increase the pulse current capability.

Ultra Pulse Capacitor UPC1550 Key Features Hermetically Sealed(Glass-to-metal) Low Leak Current

Products Description Product Name Wide Operating Temperature Range High Reliability Super High Voltage
Pulse Capacitors Battery UPC1550 SPC1550 HPC1550 Function The UPC is ...

Working principle of ER34615+SLC1550/RHC1550 / upc1520 /hpc1520 composite power supply. (1) The
battery is assembled in parallel with the RHC/UPC/EPC/HPC/SLC composite ...

Product Details of UPC1550 Ultra Pulse Capacitor Cylindrical Battery ...

Super pulse battery capacitor ... Key features: high power capacity ...

Ultra Pulse Capacitors All products Ultra Pulse Capacitors Wide Operating Temperature Range High
Reliability Super High Voltage Pulse Capacitors Battery UPC1550 SPC1550 HPC1550 ...

Super pulse battery capacitor ... Key features: high power capacity delivering high current pulses long
operating life wide operating temperature range extremely low self-discharge high ...

This specification can be applied in SPC1550 Super Pulse Battery Capacitor to specify the property index, test

UPC1550 capacitor

super

pulse

composite

method, quality control, points for attention, etc.

Introduction Advantages of our composite capacitor Instantaneous big current discharge Small leakage current
Long life of the free combination of Li-Socl2 battery and battery capacitor

HCB offers high quality UPC1550 Ultra Supercapacitor Battery to clients all over the world. It has hermetically sealed, low leak current, long shelf life, high reliability, safe design, and wide ...
