How can the Vatican reduce energy consumption & paper use?

Energy-efficiency measures, such as installing LED lighting in St Peter's Basilica and transitioning to digital document management, have been implemented to reduce energy consumption and paper use. These efforts reflect the Vatican's commitment to the vision of Pope Francis's encyclical *Laudato si'* and the Apostolic Exhortation *Laudate Deum*.

How has the Vatican improved its waste management system?

The Vatican's waste management system has improved, achieving a recycling rate of 55 per cent for municipal solid waste, with a goal of reaching the EU standard of 70-75 per cent.

How does Vatican City make money?

They feature some of the world's most famous paintings and sculptures. The economy of Vatican City is supported financially by donations from Catholic believers, by the sale of postage stamps and souvenirs, fees for admission to museums, and sales of publications. Vatican City has no taxes, and items are duty-free.

Should Vatican bring money-laundering cases to trial?

“Vatican should bring money-laundering cases to trial, watchdog agency says” . Reuters. Archived from the original on 2 June 2019. Retrieved 29 June 2019. ^ Perryer, Sophie (20 November 2018).
