Why should you buy an off-grid container home?

**Self-Sufficiency:** Generate your own power and rely on natural resources. Off-grid container homes empower you to live independently. Equip your home with a lithium-powered solar system for maximum performance.

**Ready To Disconnect And discover A New Way Of Life?**

Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below from more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1" x 40.9" x 1.4".

Why should you buy an off-grid home?

**Location & Versatility:** Off-grid living allows you to live anywhere without worrying about public utilities. Container homes make it possible to create a secluded retreat or a remote homestead. Built to comply with building codes, they offer the versatility needed for any location. **Affordability:** Save thousands each year with no utility bills.

Where is harvested energy stored?

Harvested energy is stored in Lithium LiFePO4 battery banks with its own programmed BMS (Battery Management System).
